

Sex Trafficked People = STPB2VP (Sex Trafficked People Back 2 Value Project)

We have schools in our Tri-County area that just closed because they built a new school. We think we can convert class rooms into living quarters for young boys or young girls, or for mostly young women rebuilding their lives from the **sex** slavery trade or from trafficking. Apartment for them for six months or for two years to live in to re-build their lives. Some take longer to re-build their value than others. We think the monthly cost per person will be at \$5,000 each for 25 people. Would you consider donating \$1 per month for 25 people and pledge this (**not give any funds yet but later**) to this cause. Maybe could pledge a onetime donation to get the school into living condition with rooms divided and carpet on the floors, etc.? With good special long term counseling etc. is estimated at \$5,000 per month. We only need 5,000 people to make this project possible. Help our small Lions Club do this. The Lehr Lions Club, Lehr, ND. Lehr Lions Club Pres. John W. **701-452-2755**. We only need 5,000 people to make this project possible. This to be used for a matching grant. For a onetime donation. If 5,000 people give a onetime donation of \$400 it will give these kidnapped **sex** trafficking of mostly young women a chance to get back their personal God's value. And then for a monthly pledge of \$25. (**Please do "NOT" send any money.**)

Web site: Tri-CountyRegion.US is a Lehr Lions Club web site. It covers mostly Emmons and Logan and McIntosh Counties. With growing interest in this web site the more truth is that this web site covers the area from Bismarck to Jamestown and on down to Aberdeen, SD.

I am sending out about 250 (**really some 283**) E-Mails. You can help by sending out more than ten that would make 2,500. If those 2,500 send out ten or more that would be 25,000. If they send out ten or more that would be 250,000 people that may tell the right 5,000 people that this project needs.
